€3,843 million
Revenue

€377 million
Segment Result

9.8%
Segment Result Margin
Increased Revenue with Four Strong Segments

- Automotive
- Chip Card & Security
- ATV
- Industrial Power Control
- IPC
- Power Management & Multimarket
- CCS
- PMM
Leading Positions in All Important Markets

Automotive Electronics: #2
Power Semiconductors: #1
Chip Cards: #1
Electromobility with Semiconductors from Infineon
Competitive Advantage with 300 mm Thin Wafers
On Track to Becoming a "Local Citizen" in China
Firmly Rooted in Europe
Understanding the System of the Car
From Mobile Phone to All-Rounder

2005

2014
The World's Smallest Navigation Module
LED Headlights Provide Anti-Glare Light
Fewer Emissions with Semiconductors from Infineon

Net environmental benefit:
CO₂ reduction of more than 14.6 million tonnes
We are Ready for Tomorrow
ENERGY EFFICIENCY
MOBILITY
SECURITY

Innovative semiconductor solutions for energy efficiency, mobility and security.
