

# Infineon Industrial Radar 24GHz

Demo board software and supporting documentation download

To gain access to the 24GHz Industrial Radar software portal, where you can download the Infineon 24GHz software and supporting material, please follow the 2 steps below in the given order. Please note, software and material can only be used with Infineon demo boards.

**1. Please complete new user registration:**

<https://www.infineon.com/cms/en/myInfineon/registration/>

Note: If you already have access to myinfineon or if you are an employee of Infineon, please go directly to step 2.

**2. Please send an email to [24GHzSupport@infineon.com](mailto:24GHzSupport@infineon.com) to request access to the software and support material. Thank you.**

**3. Kindly refer to the [Quick Start Guide](#) in the download section for getting started with the demo board.**

For further information: please visit [www.infineon.com/24GHz](http://www.infineon.com/24GHz)
