

This selection guide takes you to explore the advantages of CoolMOS™ CE in charger, adapter, TV and lighting applications

Reasons to choose CoolMOS™ CE

Non-technical benefits provided by CoolMOS™ CE	
Product portfolio	We own a broad portfolio covering five voltage classes in both through-hole and surface-mount packages.
Capacity	We own the world's largest capacity for power devices, with three dedicated frontends and four backends. Thanks to factors such as the continued investment in our production facilities, we ensure a secure supply during a market upswing.
Lead time	We understand consumer and lighting market dynamics and offer a lead time as short as 5 days.
Delivery performance	Our supply chain performance is constantly greater than or equal to 96 percent (adhering to the customer committed date).
Quality	Our field failure rates are as low as 0.1 PPM.
Design-in support	We have a large field application engineering team dedicated to providing professional and flexible support for your design.
