

The Infineon Partner Program

Together we win

www.infineon.com/partners

Become a part of our thriving partner ecosystem – together we can unleash our true potential

The Infineon Partner Program is a global ecosystem of qualified companies, who are experts in designing products, solutions or services leveraging Infineon components in 5 key areas: software, hardware, services, tools & end-applications.

Together, our partners and us, share expertise, develop exceptional customer solutions and jointly drive new business opportunities.

Through numerous benefits, resources, and support, our mission is to provide a profitable, comprehensive and sustainable program that fosters mutual growth.

Our partners benefit from new business generation, marketing and promotions, and technical support and enablement.

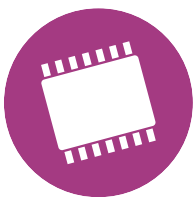

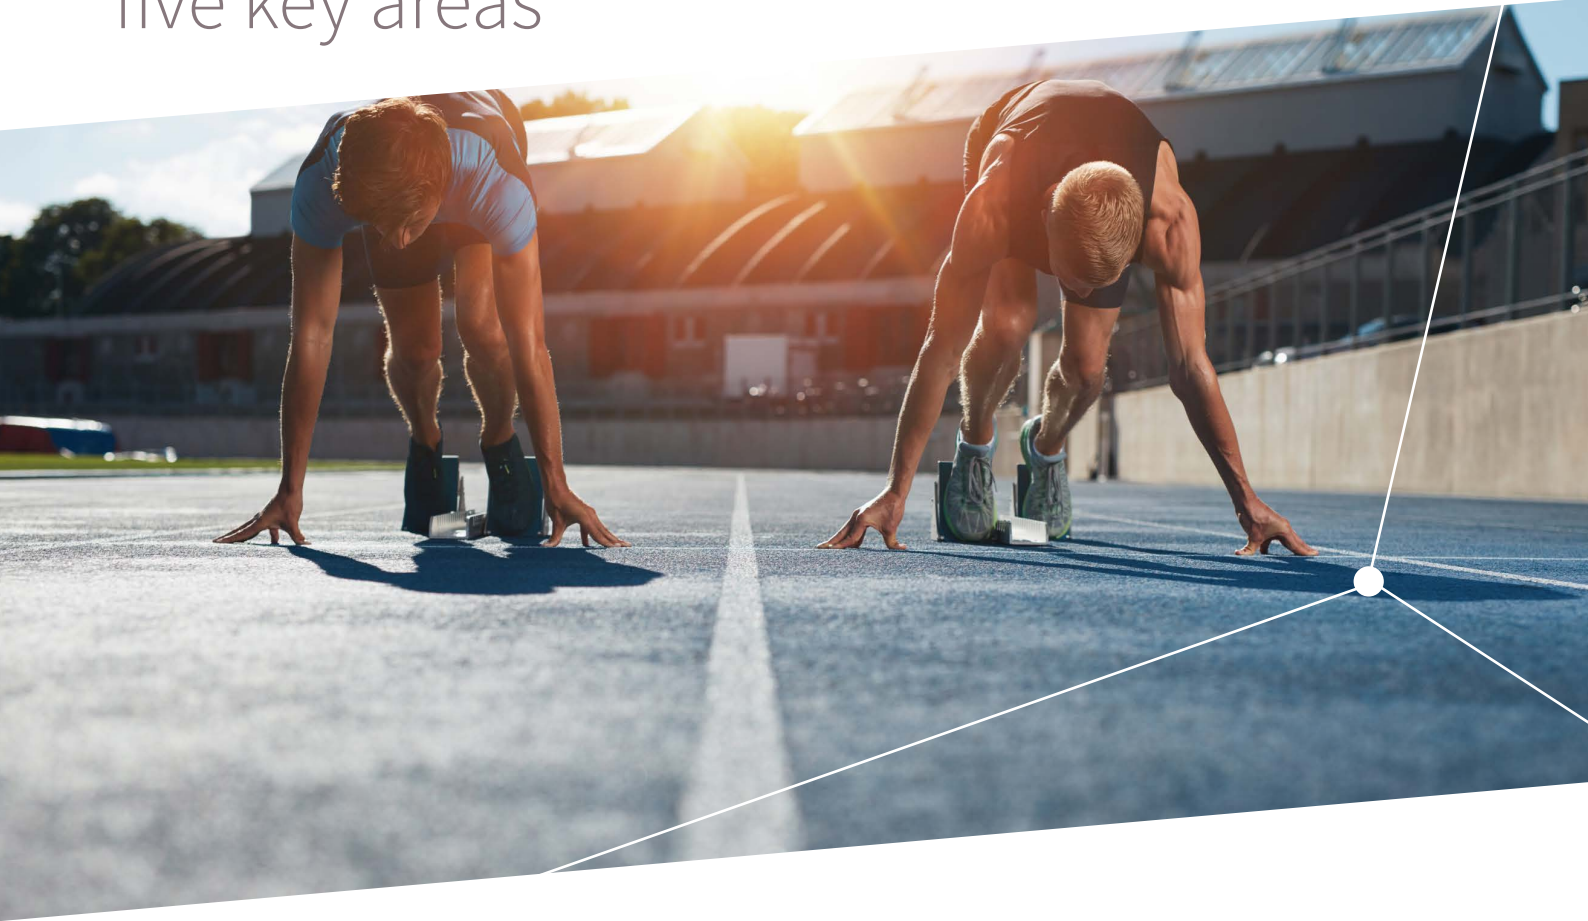

Long-term, reliable partnerships are a core value of Infineon and a key strategy of our success

“Partner up with Infineon to make the impossible possible.
We believe that working together means going faster, reaching further and shaping the business of tomorrow.”

Dr. Helmut Gassel, CMO Infineon Technologies

Our partners and us jointly create and commercialize value-added solutions in five key areas

Hardware

Partners manufacturing electronic components, demo boards & turnkey modules

... jointly we create and commercialize value-added solutions, while reaching new buyers

Software

Partners programming various types of software, algorithms & operating systems

... jointly we enhance our portfolio with complementary components and expand technology know-how

Tools

Partners designing computer programs for the development of embedded systems

... jointly we enable a complete and immersive development experience for customers

Services

Partners providing cloud & engineering services, application support or trainings

... jointly we build-up engineering capabilities and offer it to a world-class customer network

End Application

Partners creating end-products & related applications

... jointly we provide customers with state-of-the-art solutions and innovative use-cases

Why partner with Infineon?

As a global industry leader and innovator, Infineon offers numerous benefits, resources and support in four key areas to jointly drive new business opportunities.

Work with an industry leader
