

# Mapping of SASB reporting metrics and Infineon Sustainability Reporting (GRI: Core option)

Corporate Sustainability and Continuity Planning  
Status: April 2021

## Introduction

---

- › The aim of this document is a mapping of the Sustainability Accounting Standard Board (SASB) reporting metrics and the Infineon Sustainability Reporting in accordance with the standards of the Global Reporting Initiative (GRI): Core option.
- › Infineon engages in continuous dialog with all its stakeholders. In our materiality analysis, we evaluate the expectations and requirements of our internal and external stakeholders with regard to sustainability in various topics in accordance with the framework for sustainability reporting, the GRI Standards.
- › KPMG AG Wirtschaftsprüfungsgesellschaft, Munich (Germany), has provided independent limited assurance regarding the specified sustainability performance information provided in our Sustainability Report in accordance with the “International Standard on Assurance Engagements 3000 (Revised)”, the pertinent standard for assuring sustainability information.
